CALENDAR

SEPTEMBER

Time to come back to the halls of dear old M.H.S. With football practice getting into sway and those awful initiations over, things got pretty well underway.

The Hi-Y started the year off by having their annual hayride, which everyone said was the best yet. The 7&6 began an active year by polishing the trophies in the hall.

OCTOBER

Everyone was really glad to see the new coat of paint go on the classrooms, and halls. The Sub-Debs had a clever dance; the 7&6 a Treasure Hunt, camping trips, and there were lots of parties and numerous hayrides. Then the teachers went to the E. T. E. A. and every one had fun on Hallowe'en.

NOVEMBER

November brought us another holiday—Armistice. This was our first time to have this, and every one was really thrilled. The State Inspector came and we crossed our fingers and held our breath, but as usual Mr. Vance and M. H. S. were highly praised and were we proud! We said good-bye to football until Spring and our thoughts turned to Basketball.

DECEMBER

Then came the Hi-Y Banquet, which was a big success as usual, and every one had a wonderful time. At last the Christmas Holidays arrived and there were more parties, dances, and banquets. On New Year's Eve the 7&6 had their sharp banquet and the Century Club came out with a really clever Costume Ball. Every one ushered in the New Year in a big way, and so ended another "long to be remembered" Christmas.

JANUARY

Back to school after the holidays and we had the first snow of the winter. Too bad it couldn't have come a little earlier for Christmas. Before we knew it, time for those much-loved exams soon rolled around and we started cramming. Unlucky for those who didn't live through them, for things turned exciting (?) when Bill Ebel blew up the lab.

FEBRUARY

Time really flies—Basketball Tournament came up and then the Girl Reserve Banquet, another success. Every one had more fun and all the girls had new formals. The cast for the Senior Play was chosen and every one got down to work (?)

MARCH

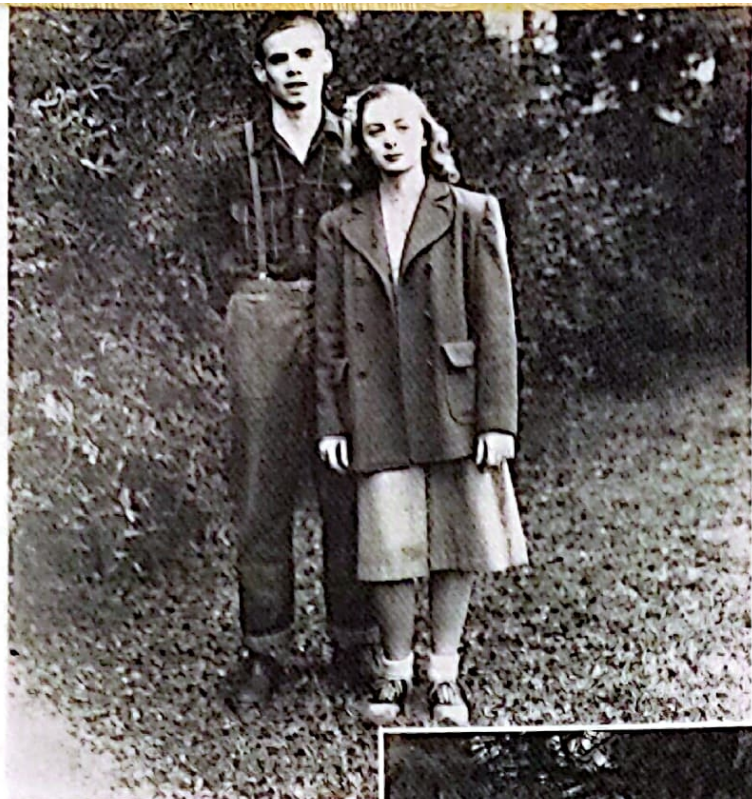

With Spring just around the corner, spring football practice soon begins.

APRIL

The Hi-Y ended another successful year with their spring hayride and of course every one had fun. Tennis balls flew everywhere and every one began to wake up because Spring was really here at last. The Sub-Deb Dance was mighty sharp and so was the F. F. A. Banquet.

MAY

The Senior Play was over and the next highlight was the Junior-Senior Banquet. Then, what hit us in the face? Exams again. The Beta Club made another clever trip—this time to Chattanooga. At last our Graduation Day is here and we bid farewell to our beloved M. H. S.

CLASS PROPHECY

Ladies and gentlemen—today our program, odd things of the future, over WCRK proudly presents the prophecy of the class of 1948 of Morristown High School.

Today the year of 1958, Jack Brooks is the President of the Brooks Nylon Hosiery Mill, motto—You bring them, I fit them. The Chief fitter is Frank Fisher—Models—Tookie James and Agnes Hale. Run fitters: Click Gill and Estell Brady.

Billy Beets and Jack Spooone are still great competitors in the grocery business. Alfred Higgens and Leslie Easley are delivery boys.

Mike Carver is now one of the most popular doctors in Morristown. He is single, unmarried, and own an airplane. Madeline Brady, Lola Fay Parvin, Georgie Hayes, and Jeanette Brooks are to be among the nurses at Mike's new hospital.

Another doctor around town is Wayne Franklin, doctor of all animals large and small. His wife, Alice Patrick Franklin, is his secretary.

The large ENKA Corp. is still in existence. The chemists are Lynn Easley, Alfred Fuller, Richard Hale, George Harper, Jimmy Holt, Bill Ebel, Dick Bell, and Hugh Boyd. There are among one thousand others. Richard Perry is chief test tube washer.

Fannie Joe Hale, who is she? Her husband often wonders.

As time goes on teachers are still retiring. Nelle Burke Williams is now a popular teacher at Rose School. Margaret Ellen Williams teaches the new sixth grade at Sherwood.

A new restaurant has just opened in town with Esco Trent as manager and Ray McGinnis as head waiter. Marvella Matheny just bought out his last restaurant.

Billy Noe, Louise Noe, and Mary Noe have gotten together and opened a new dry goods store. They call it Noe's. Mary Ann Szabo is their pressure salesman. This is really the largest store of its kind in town. Alden Vaughn and Lloyd Burnette are trying to get a contract to put in escalators. The elevators are just too crowded.

Billy Dan Walder is now telling the jokes over "Can You Top This." Willie Kate Withers and Virginia Ruffner have their jokes told weekly.

Buddy Rouse is now operating a large space ship to the moon. The co-pilot is Bill Foster. Stewardess—Georgie Coldwell.

Anne Smith is now working at the Berklene. So is Betty Oliver. Secretaries, you know. Mary Helen Moore, Wilma Russell, and Bessie Mae Hipshire are working in Washington.

Did you hear our Senator talk on the radio last night? Senator Lawrence really spoke

like an East Tennessean. He was congratulating Graham Vance, W. P. Bell, Hubert Blair, Kay Greene, and Glen Lane, on their good statesmanship.

We also have in Morristown Sonny Lawless, who own all the tax cabs. Among his drivers are Imogene Long, David Peoples, Janis Sawyer, Al Snyder, and Stella Grace Medlin.

Buddy Nabers is now running Naber's clinic. Peggy Isenberg is his head nurse. Jean Horner and Jennie Ruth Mullins are among the nurses there.

Tommy Jenkins and Frank Hodges are both car dealers. Of course, not partners.

Bob Lowe owns a hunting resort in the Great Smoky Mountains. His Gun Tender—J. E. McClanahan; guides are Billy McGlamery, Dean Miller, and Henry Noe. They lead a leisurely life because there is not any hunting allowed in the Smokies.

The High School faculty has somewhat changed. Eugene Leonard is new football coach Barbara Schettler teaches biology; Rita Anne Fowler teaches Home Economics and Betty Jo Hurley is Librarian. Billy Stump is teaching chemistry.

We have some very talented people from Morristown High School such as Murrel Melton, Betty Rae Parder, Helen May and Geraldine Chaney, who are now playing on Broadway.

Myrtis Riggs, Frances Rhea, Mary Charles Stykes, Dot Swann, Charles Nicholas, Buddy Noe, Bill Rizer, and Clifford Susong are working in department stores in Morristown.

Betty Jean Hazelwood is now running her own flower shop. Her helpers are Dot Godwin and Pauline Gregg. The delivery boy is Royal Rhodes.

Bryan and J. L. Purkey own a large farm and supply most of Morristown's vegetables.

Juanita Crider is now one of the artists for Miller's advertisements. Bland Tomlinson for Georges.

Libby Line, Fioretta Price, Ruth Mayes, Kate Smith, Cotton Williams, Mary Nell Covington, Vida Gregg, and Mary Swain are housewives in Morristown.

Secretaries in New York are Mary Frances Canter, Willie Ann Lane, Ruth Bryant and Willaree Galloway.

There are three people we could not locate—Mary E. Coffey, Margaret Collins and Almeda Dinkins. We're sorry.

This information on this program was collected by Bobby Jones, now a doctor in this town.

This is WCRK Morristown, Tennessee.

The Hi-Y Club of '48 has had a good season of fine work and success in the school. The boys enjoyed several socials, including a hayride and a banquet. The club has sponsored many projects, which were helpful to the school.

Although the members of the Hi-Y have a splendid time each Monday night with an evening of fun, food, and fellowship, along with good programs, their main purpose is "to create, maintain, and extend throughout the community, high standards of Christian character."

So thanks to the capable direction of the officers, the excellent co-operation of all the boys and the supervision of our sponsor, Macauley Clark, the Hi-Y has experienced one of its best years.

There are 117 students taking Industrial Arts this year. We have four classes in shop and two classes in Mechanical Drawing. All of the classes are crowded and a lot of the students who wanted the work could not get to take it because of the overcrowded classes.

There will be an interesting exhibit of the work that the students have done in shop at the close of the school year. On the opposite page you will see some of the work that the students did last year the second semester.

The program and social committees change with each meeting, giving all members a chance to serve and participate. The theme of our programs has been Rome and the Romans. Some excellent programs have been given. Through affiliation with the American Classical League this group of Latin students pledges to hand out the torch of classical civilization in the modern world.

BAND

The Band started anew this year with a new Band Director, Tommy R. Boles. The Band has accomplished many things this year including raising money for new uniforms, which have already arrived.

The Band received an invitation from the Kiwanis Club to play a short concert in Tazewell for a community meeting. We also marched for a parade there.

The Football games were aided in school spirit with the band parading through town before the games, and marching at the half and playing between the quarters.

The Band is now practicing for a concert which is to be given in the Spring.

We had three members to attend the band Clinic in Maryville this year. We are proud of all sixty of our members and hope the band next year will have as big and colorful a year as we have had.

Let us not forget the band Dance held at the Legion Hut in November. A gay affair for everyone who attended.

Beset with an injury-riddled team for most of the season, Coach Siler did not have any easy job. He produced a team that asked and gave no quarter, a team that fought hard and clean and a team that was respected by all of its opponents.

Led by Captain Easley and Co-Captain Bowman, the boys won four out of eleven games while playing against the toughest opposition in the state. Had it not been for tough breaks, the team would probably have won a least eight out of the eleven games.

With five starters off of this year's team returning next year, we are looking forward to a good '48 season. The team will be led by Captain-elect, Tom Pugh.

Under the direction of Coach Strange the B Team progressed rapidly this year. Several of the B Team boys graduated to the first squad during the season, and others are expected to by the time we are ready to start our '48 season.

JOKES

If you can't laugh at the joke of the age, laugh at the age of the joke.

Her small son ran in all out of breath with the news.

"Mummy! They have a new baby next door, an' the lady is awful sick"

"Yes, Bobby."

"You'd better go over an' see her, mummy, 'cause she's sick in bed."

"I know. I'll go over tomorrow, perhaps, when she's a little better."

"But she's so sick today," Bobby insisted, "that you ought to go right now."

"Still, I think I'd better wait until she is a little better."

Bobby was nonplussed. Finally, the cause of his mother's reluctance seemed to dawn dawn on him, for he burst out; "You don't need to be afraid mummy. It ain't catching."

Lawrence—"What would you say if I were to kiss you?"

Bobbie R.—"Shut your mouth."

Jones—"Do you like indoor sports?"

Taylor—"Yes, but father won't let them stay."

Many a bathing girl has gotten into deep water.

"I'll raise you two," said the wealthy lady to the orphans.

"Hello, little girl! Want a ride?"

"No thanks. I'm walking back from one now."

Miss Catron: "Give for one year, the number of tons of coal shipped out of the United States."

Fisher: "1492; None."

Mrs. Shaver—"A fool can answer more questions than a wise man can answer."

Mrs. Clark—"No wonder so many flunk on our exams."

Mrs. Clark: "If H₂O is water; What is CH₂O?"

Jean Horner: "Sea Water."

Al—"How is my girl this morning?"

Ann M.—"Oh, just fine."

Al—"Why, how do you know, have you seen her this morning?"

"Stop the press," shouted the editor frantically to the young fellow who was hugging his sweetheart.

Helen May—"Have you seen May?"

Richard Hale—"May who?"

Helen—"Mayonnaise."

Richard—"No, she was dressing and wouldn't lettuce."
